SHOPPING FOR A SNOWMOBILE?

The Beautiful One for family fun!

You can see the 1968 Hustler is the beautiful one... years ahead in styling. Now compare the features below with any other snowmobile. Check the safety features. Nothing on the market comes within a country mile of the Hustler on that score. See the Hustler, then see them all... and you'll come hustling back to Hustler!

1968 HUSTLER Checklist

Take this with you when you shop.

- ☐ Full engine housing that prohibits contact with engine
- ☐ Huge wrap-around windshield of Eastman Kodak UVEX
- ☐ Wide-stance skis (a full 26" apart)
- ☐ Low-set double headlights for maximum night visibility
- ☐ Foot warmers and place for your lunch in the stern
- ☐ Formed steel skis with replaceable wear bars
- ☐ Lower center of gravity for maximum stability
- ☐ 297 c.c., 17 horsepower, JLO 2-cycle engine
- ☐ Heavy extruded rollerbar
- ☐ Improved, aircraft inspired, pivot ball-point steering
- ☐ Recessed tail lamp
- ☐ Steel leaf ski springs with rubber shock absorbers
- ☐ Oversized, heavy-duty, pressurized muffler
- ☐ Oversized recoil starter with automatic spark advance
- ☐ Fully-ribbed foam film Neoprene seat cushion, 3" thick for safety and comfort

Can a Girl Find Happiness with a Snomobile?

Scorpion

The Great Snomobile

With Scorpion, yes. It's that kind of machine. Easy starting. Easy handling. Lightweight. Sure-footed. Comfortable riding. Rugged and reliable. These are in-built characteristics of Scorpion—the machine for girls (and guys) who don't want to work hard to enjoy snomobiling. Packed with pace-setting design and engineering features. Patented molded rubber track with endless linked steel insert chain. Coil spring suspension system with 15 precision steel bearings • Choice of 14 engines—247cc's to 600cc's • Up front easy filling gas tank • Steel tunnel. Removable hood—detaches in 2 minutes. High torque automatic transmission.

To get with winter, get with Scorpion
