

Skiers to Have 'Share-Ride' Plan

A ride-sharing plan by which skiing enthusiasts may group together for trips to the "Little Sun Valley" ski slope was announced today.

The Oneida hotel is serving as a clearing house for information. Skiers intending to drive to the slope are asked to call the hotel and advise them if they have room in their cars for one or more additional persons.

Skiers who do not have transportation should call the hotel for information as to when rides will be available. It is hoped that by general participation in the ride-sharing scheme, all who wish to use the slope and ski tow will have an opportunity to do so. The hotel's telephone number is 456.
