

Ski Tow Being Constructed Near Ackley

(COURIER NEWS SERVICE)

ACKLEY — A ski tow is under construction on the Merle Hunt farm nine miles southwest of Ackley on land under lease to the Rock Hill Ski Club, Inc., of Grundy Center.

The club was formed last year by a group of 25 Grundy Center businessmen and ski enthusiasts and a tow was constructed by one of the members, Jimmy Lynch, near Steamboat Rock. Advantages of the Hunt hill prompted the move to the new location.

Membership is available to winter sport fans of Ackley at \$10 per member, with family rates also available.

A meeting, with skiing movies and other entertainment, is planned, probably during the Thanksgiving vacation.
