

WILL INSTALL TOW

Ontonagon — Mechanics and other employees are engaged in preparing for the installation of a ski tow at the Porcupine Mountain ski ride located on Weather Horn peak. Elmer Weber, president of the Porcupine Mountain Ski club, has announced that the machinery has been purchased. Joseph Valley chairman of the line work, will have a crew ready to start work Saturday.

More than 200 persons, including skiers and sightseers, visited the slide Sunday, with many of them taking part in a snowshoe contest. Among the skiers were Mr. and Mrs. W. Kass, who came up from Chicago.
