

Ski Fans Jam Teeple Hill

Teeple Hill, in Highland State Recreation Area, is attracting so many winter sports fans that State Parks men have had to expand parking areas to prevent traffic jams. Recent week - ends brought as many as 700 skiers, some from as far away as Toledo.

Three ski tows, a warming house and skiing instructor are maintained at the hill by the Pontiac Ski Club, which developed the area in co-operation with the State Conservation Department's parks division.
