Thunder Bowl Is Popular Resort

The Thunder Bowl Ski Hill at Cooks in the Hiawatha National Forest is again one of the most popular winter resorts in the Manistique area, with skiing on its attractive slopes.

There was a throng at the Bowl last Sunday afternoon using the steep hill cleared last fall and the new electric ski tow made by the Manistique Pulp & Paper Co.

The area has five slopes and two tows and a new chalet with a snackbar, stove, first aid room and area for indoor rest rooms and a fireplace which will be constructed later.

Several groups of Escanaba

skiers were at the hill on Sunday. Skiing conditions are good with new snow in the past week and Sunday's crowd stayed past the usually quitting time in order to enjoy the sport fully.

The club hopes to have lights installed for night skiing next weekend.

Officers of the Thunder Bowl Ski Club are Ted Hentschell, president; E. J. Thompson, vice president; and Graham Widdis, director of the area.

Bowling Notes

BBRAULTS MEN'S THURSDAY

Team	Point
Cooks	191
Specials	16
Willours	151
Boys	13

Five High Averages
