There are elements of risk in skiing that common sense and personal awareness can help reduce.

1. Ski under control and in such a manner you can stop or avoid other skiers or objects.
2. When skiing downhill or overtaking another skier, you must avoid the skier below you.
3. You must not stop where you obstruct a trail or are not visible from above.
4. When entering a trail or starting downhill, yield to other skiers.
5. All skiers shall wear retention wraps or other devices to help prevent runaway skis.
6. You shall keep off closed trails and posted areas and observe all posted signs.
