

be independent!

make an investment
in your future at
Hide-A-Way Hills

Typical of the picturesque homesites in Hide-A-Way Hills is this chalet in a wooded wonderland created by Mother Nature herself.

Five lakes are distributed throughout Hide-A-Way Hills providing scenic beauty in a natural setting for water sports and fishing. The Lake of the Four Seasons offers 4½ miles of gorgeous shoreline.

Buying land, particularly resort land, is one of the best investments you can make. It's a sound hedge against inflation. For example, the cost of living has risen about 25% over the last ten years — a homesite at Hide-A-Way Hills has increased in value 166½%!

Why this almost fantastic increase in value? See for yourself this weekend. Call (513) 294-0341 and make a reservation, then drive to Hide-A-Way Hills in the Hooking Hills, considered by many to be the most beautiful country in Ohio. Or you can fly into Hide-A-Way's airstrip, if you prefer. The Unicom is 122.80.

You'll see a completely realized, intelligently planned vacation community. Five lakes — four for fishing, one for swimming and water skiing. Wooded homesites, winding roads and large lots (minimum of ½ acre) assure maximum privacy.

A large air-conditioned lodge and dining room provide the social focus of Hide-A-Way Hills. A golf course, pistol and rifle range, boat ramps, ski trails (with lift and snow machine), riding stables, tennis courts—all are complete and in use today.

This is an investment you and your family can live on today, free of city pressures, yet only an easy two hour drive from Dayton.

Hide-A-Way Hills has a comprehensive security system to assure privacy and protect residents and guests. The cheerful guards will greet you at the gate and arrange for you to meet your host.

Make this weekend the start of your independence.

To reach Hide-A-Way Hills, drive south from Columbus on Route 33, 5½ miles south of Lancaster, turn left at sign onto County Road 63. You're just about there.

Monday, July 5th only. Free-fall skydiving exhibition at Noon, 1 and 2 PM. Four chutists will free-fall more than a mile before opening their parachutes at 2500 feet. Plus penny-a-pound (\$1.00 minimum) plane rides from 10 AM—6 PM.
