

New Ski Area Opens Saturday

A new ski area will open officially Saturday in the Tri-State Region, thereby satisfying a long standing goal for Arthur Horenweder.

It is called the Manitou Valley Ski Area and it is a mile north of Pattison State Park on Highway 35. It is located on the Van Horenweder farm. It has a 550-foot-long tow and a 600-foot run.

Horenweder said he has been building the ski area for the last 10 years because he said he recalls how much fun he had skiing as a youngster.
